The silver wing of the Republi can State Convention unanimously adopted the following platform: The convention endorses and adopts the platform of the Republicas State Convention, held at Va

city on the 30 of April last, as fol-Resolved, That we condemn the Republican party of the Eastern states and the administration of President Harrison, insofar as they

have failed to accomplish the com-

plete remonetization of silver, and

to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it o cupied previous to the passage of the Mint Act of 1873, is essential to the prosperity of the country and passmount to all other political considerations. The legislation which robbed silver of its maney functions and denied to the owner of silver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold, reduced the money of ultimate redemption or payment, about one-half, and enabled the owners of money and obligations payable in money to monopolize the coin of

the commercial world. Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of gold, and they are opposed to elevating any person to office whe is not known to be unequivocally in favor of opening the Mints of the United States to the free and

unlimited coinage of silver. In view of the unsatisfactory at-titude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially endorses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondhold-ers and laborers and producers of

And we favor the continuation of agitation and contention for the free and unlimited coinage of silver at the present ratie of 16 to 1, for their own benefit and for the benefit of the people at large miners, farmers, laborers and me-

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in conveution assembled, do set forth the following deelaration of principles:

chanics.

First. We demand the full remonetizatian of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1.

Second. We are radically and unalterably opposed to the National Republican and Democratic parties en the question of the free coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other mining states and territories, and we therefore repudiate the nominees of their convention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequiv-The Best of Wines, Liquors defined by this convention. We ocally in favor of free coinage as reseave to the silver leagues of Nevada, in Convention assembled, the right of directing said Presidential electors for whom to cast their votes, should contingencies require.
